A versatile subfloor system, perfect for:

Refurbishment

Conversions

New builds

InstaCradles have many benefits.

Floating system

On-site levelling

Excellent acoustics

Creates a cavity for services

60

Year guarantee

The system is designed to be easy to install and maintain.

Fast, simple & clean

No drying time

No subfloor fixing

No maintenance

InstaCradles are sustainable and circular!

Reusable & recyclable

Made from recycled rubber tires

Supports the circular economy

Locally produced

Here's how it works...

INSTACRADLES

The base of the system
Varies from 35mm - 60mm

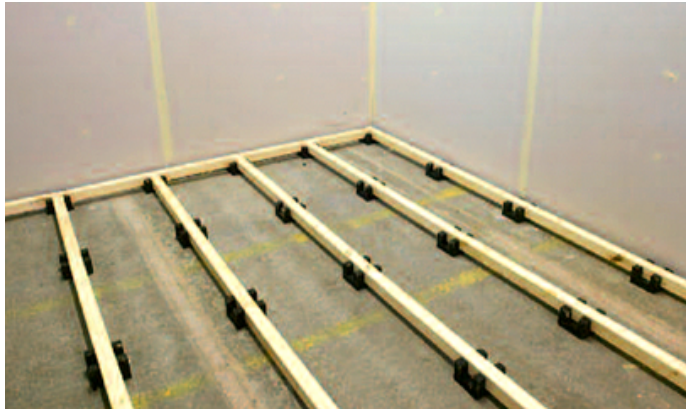

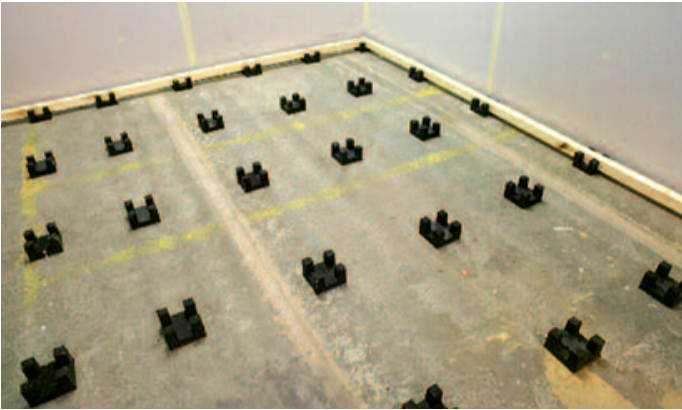

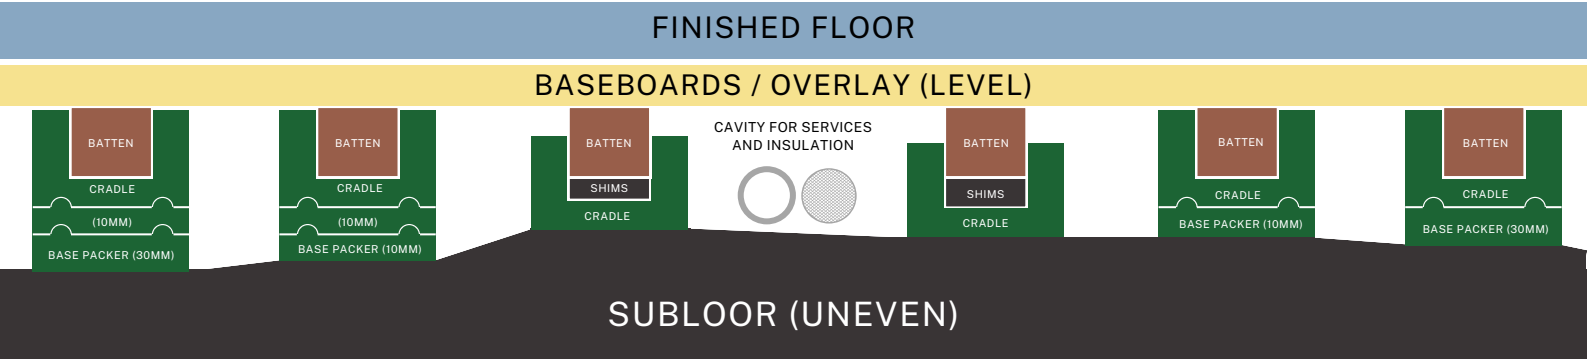

BASE PACKERS

To adjust floor heights
10mm and 30mm variations

SHIMS

For micro-leveling
2mm and 5mm variations

The Cradle system is designed to take a **uniformly distributed load of 5kN = 509kg**. This load can be increased because of the system flexibility.

Note how the system creates space for subfloor insulation.

InstaCradles are perfect for any environment

Private homes

Theatres & stages

Healthcare facilities

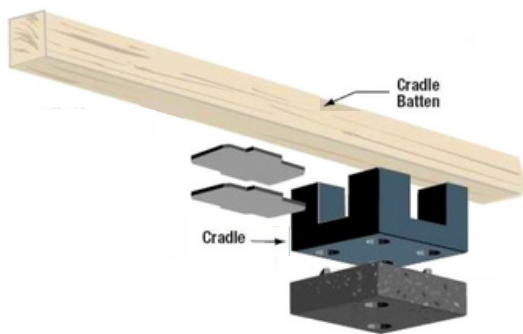

Retail and hospitality

Sports halls & gyms

Outside decking
